SOLUTIONS

BARBADOS

Grenville Phillips II
FOUNDER AND PRESIDENT

Dear People of Barbados

My name is *Grenville Phillips II*. I am a Structural Engineer and the President of the political party called Solutions Barbados.

To build a house, you need: (i) drawings that describe the house, (ii) a financial plan to pay for its construction, and (iii) competent builders. Every election, political parties offer to build something, which is described in their manifestos. Our manifesto is summarised on the following pages.

Our economic plan to reduce the cost of living in Barbados has been favourably assessed by a Fellow of the Institute of Chartered Accountants of Barbados.

Solutions Barbados consists of competent persons, who love God, and want to serve Barbados.

I take this opportunity to share our manifesto with you, and to introduce our candidates. Please offer them your support, prayers and blessings.

A full list and description of workable solutions to our country's main problems concerning development, are found on our web page - SolutionsBarbados.com.

We look forward to serving you.

**Grenville Phillips II
PRESIDENT
SOLUTIONS BARBADOS**

OUR MANIFESTO

CHARTER OF BARBADOS

The supremacy and blessings of God must be maintained in Barbados. Parliament recently passed the Charter of Barbados, where they appreciated the “value added” of all “spiritual entities, and their continuing capacity to have a strong and lasting influence on the quality of life in Barbados.” This will be revoked at our first sitting in Parliament. Persons may have the freedom to worship, without discrimination, but Parliament should not provide thrones for their “spiritual entities”.

PRIMARY SCHOOL COVID-19 RESTRICTIONS

All primary schools should be open. We need to learn to live with COVID-19 without (i) restricting the development of our primary school children, and (ii) preventing their parents from earning.

THE REPUBLIC

Public consent will be obtained with a referendum. Consent should never be taken – that is a violation that should never be tolerated or justified. Consent should always be willingly given. Becoming a Republic was not consensual - but dismissively taken. That violation must be corrected. Public consent is to be measured within three months.

SECONDARY EDUCATION

All students should leave school with at least one marketable skill that they can use to generate income. Therefore, the school curriculum will be revised so that the easier-to-learn practical aspects of subjects are taught during the first 3 years (eg. conversational language & applied science), followed by CXC preparations.

AGRICULTURE

Government should share the crop theft risks. Therefore, farmers will be reimbursed immediately for thefts, and an effective praedial larceny section will be set-up within the Police Force to investigate and charge offenders. Tractor services will be available to small farmers. Properties with food bearing trees will pay reduced land tax.

WELFARE

Welfare should be available to all, not just to those who complain the loudest. Therefore, all households will receive a small amount of water and electricity each month at no cost. The cost of the amounts above this minimum will be increased to pay for this subsistence amount.

CRIMINAL JUSTICE

Criminals should pay for the cost of the criminal justice system. Therefore, all offences will attract a fine of 10 times the value of the offence. Work maintaining the national infrastructure will be found for those who cannot afford to pay their fines. Prison will be reserved, primarily for violent offenders.

HEALTH

Healthy foods should be affordable. Therefore, all taxes will be removed from healthy foods, and a health tax will be applied to all high-fat, high-salt, high-sugar and high-alcohol products. Those who choose the higher priced unhealthy food will be pre-paying for their future health care.

GOVERNMENT SERVICES

Complaints should be permanently addressed, and wastage should be minimized. Therefore, all public (Government managed) services will be developed and delivered to the international quality management standard, ISO 9001.

NATIONAL BANK

A national development bank will be established, primarily to assist small businesses. Transactions can be performed at the various post offices across Barbados, over the Internet, and at ATM's.

CORRUPTION

Both the payers and receivers of bribes will confidentially pay a fine of the full value of the bribe during a 3-month amnesty. Thereafter, whistle-blower legislation will be enacted where the offender's fine will be 10 times the value of the bribe. The whistle-blower will be rewarded with the full value of the bribe. However, the whistle-blower may be liable for defamation if there is no evidence of corruption.

CHARGED PERSONS

Only the charges and court cases of those convicted will be published. Publishing any such details of innocent and not-convicted persons will attract defamation fines. Fines will be quantified based on the loss of reputation and loss of earnings due to publication.

OPPOSITION COOPERATION

The Opposition should work with the Government in proposing solutions, but they are concerned about snap elections. Therefore, elections can only be called one year in advance.

LIFETIME PENSIONS

The lifetime pension arrangement for politicians will be abolished. Parliamentarians will receive pension contributions to their pension accounts only while they are in office.

PARLIAMENTARY PRIVILEGE

The Privilege that allows politicians in parliament to accuse individuals without consequences will be abolished. Parliament should be the place where exemplary debates and discussions are held, not a place of incivility.

GOVERNMENT CONTRACTS

All government contracts, where the total value is over \$25,000, shall be publicly tendered through a fair tender process. The tendering process shall be managed by a non-political tenders committee, most of whose members shall comprise representatives of professional organisations with effective disciplinary sub-committees.

TAXES

Personal and business taxes should be affordable, fair, easy to pay and easy to audit. Therefore, all individuals and businesses will be taxed at 10% of total (gross) income with no deductions. All old debts will be forgiven, and VAT will be abolished.

Dear Resident

My name is *Jacqueline Alleyne-Worrell* and I am humbled and honoured that you would consider me to be your voice in Parliament.

I have over 25 years of management experience, mainly in the field of construction. I have also held leadership positions in my church where I have helped and counselled persons. I promise to use my experiences to your benefit.

I am very concerned about the increased cost of living and the limited opportunities for our youth to become independent. We have invested so much in our country, but we are not seeing the promised returns in quality public services.

Some households are barely making it due to the increase in taxes and no salary increases. That is why I have chosen to try to make a difference. This is a great parish, and I am committed to seeing it reach its greatest potential.

The greatest advice about leadership is found in the Bible. It states: "whoever wants to be a leader among you must first be your servant." I choose to be your servant, and promise to faithfully represent your interests in parliament. While my first and foremost accountability is to God Almighty, I also choose to be accountable to you, the people of St Andrew.

Dear City Resident

I am honoured that you would consider me to represent you in Parliament. I love the City of Bridgetown and all its communities. I attended secondary school in the city, and both of my parents had entrepreneurial business interests in the city, my father being a sales manager and my mother being a caterer.

My academic background includes undergraduate and postgraduate economics, management, marketing, law and accounting. I have a diverse 15 plus years of work experience, including working in world leading organisations such as: BMW's manufacturing facility, ArcelorMittal Steel Corporation's headquarters, and in the United Kingdom's public sector administration in Oxford & London.

I was raised to respect God, and I have learnt the benefits of seeking God's guidance when faced with personal, business and community challenges. I am a member of the Full Gospel Businessmen's Fellowship International.

I believe that Bridgetown must be properly managed and maintained. I further believe that the prosperity of the nation is linked to the prosperity of the city, and the city cannot prosper unless the people and families in the city prosper. The family unit is the cornerstone of individual, social and economic development. However, the next generation's culture is being negatively affected by low marriage rates, high divorce rates, and disenfranchised fathers leaving un-mentored sons and daughters.

I believe that my training and work-experience has prepared me to serve you at this critical time in our country's development. I pledge to you that I will listen to your concerns and faithfully represent your concerns..

I am concerned about our youth and the type of Barbados that we are leaving them. I am also concerned about our elderly, and the general lack of respect and concern for their dignity. My desire is to keep families together.

I am a Christian who has travelled to share God's love. My sincere pledge to you, is to faithfully represent your concerns in Parliament, and to implement solutions to permanently address them.

Dear Resident

My name is *Angela Edey*. I am deeply honoured to be considered by you to be your representative in Parliament.

I have been a cosmetologist for over 30 years and a boutique owner, which allow me to interact with people and to hear their concerns. Many are having a difficult time paying their bills and taking care of their families.

As a wife and mother, I am deeply touched when parents speak to me of the hardship that they are experiencing because of the high cost of living.

As I visit communities within St. Michael West Central, people are also concerned about the lack of job opportunities and increasing crime levels. These things also concern me. Unfortunately, they are normally brought up every five years during election time, but no effective solutions are implemented.

I am very concerned about the increased cost of living, and the limited opportunities for our youth. We have invested so much in our country and we now need to see the returns.

I pledge to you that I will faithfully represent you and your concerns.

Dear Resident

My name is *Kenneth Lewis* and I am humbly honoured to be considered by you, to be your representative in Parliament, so that your voice can be heard and your issues are addressed.

I have met some of you before and after the 2018 General Election while canvassing, and we have come to be as one family. While I was not successful at the polls at that time, I still have your interest at heart.

Over the past 32 years, I have been employed in the manufacturing sector, starting as a joiner/machinist. I then became a supervisor in one of the largest furniture companies at the time. I am now the owner of a small business that manufactures kitchens, closets vanities etcetera.

I have spent some of my best and cherished years as a child in this constituency, where my father (Rocky) and namesake previously lived.

I would like to restore, with your help, the constituency and Barbados we once knew - when there was peace, love, kindness; being your brother's keeper; and being able to afford daily needs to facilitate healthy living. I am very concerned about the level of hopelessness in many of our youth, the limited job opportunities available, and the increasing levels of violence.

These issues are not peculiar to us in Christ Church West Central, but to Barbados. However, we are simply reminded of them every five years, but no solutions are implemented. I pledge to you that I will faithfully represent your concerns.

Many of these issues are not peculiar to us in St Philip South, but to Barbados generally.

I have over two decades of experience as a businessman, and I believe that my experience has prepared me to solve problems, both in our constituency, and nationally. I pledge to you that I will faithfully represent your concerns.
